

LOWRANCE GPS School

Provide your customers or club members with the training they need to maximize the potential of their Lowrance/Eagle GPS unit by booking the best hands-on Lowrance/Eagle GPS training available! Using PowerPoint presentations, graphics, hand outs and actual button pushing, the seminar creates an environment that promotes learning and retention.

This 8 hour class will cover in detail everything needed to get the most from your Lowrance/Eagle GPS including waypoints, icons, trails, system features, overlay data, plotting and mapping structure, keeping fishing records, map datum, coordinate systems and many other features you need to use your GPS like a pro. For a complete list of topics covered and more details visit www.lowrancegpschool.com.

Your instructor Lance Valentine is a well known seminar speaker and walleye charter Captain who specializes in marine electronics education. Through his "Walleye 101" seminar series hundreds of anglers learn to catch more walleye every year. Book early as dates are limited and book quickly.

Walleye 101 will provide:

- 25 Lowrance units with power cords
- Electrical hookups for units
- GPS antenna hookup for units
- 8-hour seminar with PowerPoint Presentation
- Materials for students to participate in class
- Signage to help promote the event
- Advertising on www.walleye101.com, www.lowrancegpschool.com and at Walleye 101 seminars

You will provide:

- Seating and tables for up to 25 students
- 120 volt power hookups
- Lunch for students
- Entry fee processing

Cost for the seminar is \$1200.00 payable to Lance Valentine's Walleye 101 Inc. A \$250 deposit is required with the attached reservation sheet with the balance due at the start of the seminar. In the past students have paid a fee of \$100.00 to attend the class and all of our previous seminars have been completely full. With a class of 25, your organization will see a gross profit of \$1300! This is a great opportunity to not only provide training for your customers, but to also create store traffic in the off season.

What some of our previous students had to say.

"..found all the info extremely valuable. Something that would take me many years if ever to learn otherwise."

"...I highly recommend Lance's classes to everyone I come in contact with that likes to fish and wishes to understand their electronics."

"..This class has been needed for a long time-Thank You!"

"...the info I received was invaluable. Worth every bit of \$100. I will come again next year as a refresher."
